Extra rows on irregular shapes are encouraged! They can really make your stitching pop. 2 - 3 rows is perfect. The color of your extra rows will show so choose wisely. If you have questions, please ask.

Finishing currently starts at \$40. Irregular shapes are \$45-\$55. Larger items (like the Lepoint Christmas Village) start at \$70 each. If you are unsure about what the cost might be, send a picture to thebateswoodcompany@gmail.com and I'm happy to give you a quote.

Turnaround time is about 8 - 12 weeks.

There is no Christmas deadline; projects will be finished in the order they are received meaning items might not be returned before Christmas.

I stock mostly cottons for back fabric; no silks, moire or velvets. If you would like a specialty fabric, you are welcome to send it with your canvas or I'm happy to refer you to another finisher.

Blocking is not necessary.

I use standard DMC Embroidery thread for cording. If you are interested in other particular thread for cording, additional rates will apply.

Loyalty cards are included in all finishing. Purchase 10 finishes and the 11th is free. Please note: I do not keep track of your loyalty cards and am therefore not responsible for lost cards. If you don't send it with each shipment, I always send a new one.

First-time orders earn a free "Stitch Your Heart Out" sticker.

Letter & number beads are 50 cents/bead.
